TIMBER FRAME LEADERSHIP CAMP

JULY 17-20, 2022

Be part of inspiring the next generation to use their minds along with the rewarding satisfaction of working with their hands by sponsoring our 4th Annual Timber Frame Leadership Camp! This FREE camp is truly a one of a kind camp.

Timber framing is an ancient building style that utilizes large timbers and handcrafted joinery to create beautiful and inviting homes and barns.

The main goal is to provide an educational and leadership focused program, which will introduce and cultivate an appreciation for the craft of timber framing. This camp was designed to take the youth from the raw pile of timbers to a hand-crafted timber frame. Staying true to the craft we will also be utilizing tools from the 1800s to construction the timber frame. The spirit of cooperation that comes from a group with a common goal is a very beneficial product of timber framing.
