

BECOME A SPONSOR!

2023

TIMBER FRAME LEADERSHIP CAMP

Help us inspire the next generation by sponsoring the 5th annual Timber Frame Leadership Camp at Chenoweth Trails in Greenville, Ohio! It is designed to provide young people from all parts of the country with an educational and leadership opportunity, which will introduce and cultivate an appreciation for the craft of timber framing. Plus, it's free to any student entering a high school grade level!

Timber framing is an ancient building style that utilizes large timbers and handcrafted joinery to create beautiful and inviting homes and barns. This program walks young people through the process of starting with a raw pile of timbers to creating a hand-crafted structure. Staying true to the craft, we also utilize tools from the 1800s. The spirit of cooperation that comes from a group with a common goal is a very beneficial product of timber framing.
