

BECOME A SPONSOR!

2026

TIMBER FRAME LEADERSHIP CAMP

Help us inspire the next generation by sponsoring the 8th annual Timber Frame Leadership Camp at Chenoweth Trails in Greenville, Ohio from July 12-15th! It is designed to provide young people from all parts of the country with an educational and leadership opportunity, which will introduce and cultivate an appreciation for the craft of timber framing. Matt Light, 3x Super Bowl champion, along with other skilled craftsmen will be on hand to work alongside the 17-20 young people who are accepted into this program. Our sponsors help allow students entering a high school grade level to attend the three-day overnight camp for no charge to them.

Timber framing is an ancient building style that utilizes large timbers and handcrafted joinery to create beautiful and inviting homes and barns. This program walks young people through the process of starting with a raw pile of timbers to creating a hand-crafted structure. Staying true to the craft, we also utilize tools from the 1800s. The spirit of cooperation that comes from a group with a common goal is a very beneficial product of timber framing and a great skill to have in any workforce they choose.
